Excerpt: . . . had under consideration problems connected with kindergarten theory and practice and has discussed under the following headings matters of vital interest to all educators: Psychology, Child Study, Nature Study, Stories, Songs and Games, and practical problems connected with training work and supervision. The first Committee on Literature brought in a report outlining various divisions of this branch of interest, and a list of recommended books on the following lines: 1. Books essential to kindergarten training. 2. Supplemental study to kindergartners in active work. 3. Books helpful to primary teachers wanting knowledge of Kindergarten theory and practice. 4. Books helpful to parents interested in the national training of their children. 5. Books helpful to kindergarten clubs and mothers classes. 6. Wholesome books for children under 10 years of age. This same committee recommended a more intensive study of Froebels Mother Play, Nature Study and Sociology...
