

## Thinking in Java (Paperback)

Filesize: 3.95 MB

### **Reviews**

*Complete guideline for ebook lovers. Better then never, though i am quite late in start reading this one. Its been printed in an remarkably simple way in fact it is only right after i finished reading this book through which in fact transformed me, alter the way in my opinion.*

## THINKING IN JAVA (PAPERBACK)

Pearson Education (US), United States, 2006. Paperback. Book Condition: New. 4th Revised edition. 236 x 178 mm. Language: English . Brand New Book. Thinking in Java should be read cover to cover by every Java programmer, then kept close at hand for frequent reference. The exercises are challenging, and the chapter on Collections is superb! Not only did this book help me to pass the Sun Certified Java Programmer exam; it's also the first book I turn to whenever I have a Java question. -Jim Pleger, Loudoun County (Virginia) Government Much better than any other Java book I've seen. Make that by an order of magnitude .Very complete, with excellent right-to-the-point examples and intelligent, not dumbed-down, explanations.In contrast to many other Java books I found it to be unusually mature, consistent, intellectually honest, well-written, and precise. IMHO, an ideal book for studying Java. -Anatoly Vorobey, Technion University, Haifa, Israel Absolutely one of the best programming tutorials I've seen for any language. -Joakim Ziegler, FIX sysop Thank you again for your awesome book. I was really floundering (being a non-C programmer), but your book has brought me up to speed as fast as I could read it. It's really cool to be able to understand the underlying principles and concepts from the start, rather than having to try to build that conceptual model through trial and error. Hopefully I will be able to attend your seminar in the not-too-distant future. -Randall R. Hawley, automation technician, Eli Lilly Co. This is one of the best books I've read about a programming language.The best book ever written on Java. -Ravindra Pai, Oracle Corporation, SUNOS product line Bruce, your book is wonderful! Your explanations are clear and direct. Through your fantastic book I have gained a tremendous amount of...
